The sizzle of fresh fish over an open fire at shorelunch on a small, remote island?  
Majestic gold sunsets with the call of the loon in the distance?

*We can help you make your Canada Fishing  
Dreams a Reality at Moonlite Bay  
Fishing Resort on Lake of the Woods!*

Lake of the Woods is one of nature's true wonderlands within comfortable driving distance of the Midwest. Moonlite Bay's scenic island resort puts you in casting distance of the best variety of fishing in Ontario Canada.

Whatever your fishing pleasure you will have plenty of opportunity at Moonlite Bay Resort on Lake of the Woods. Thousands of islands provide a weather protected fishing ground with an infinite number of sandy beaches, rocky shorelines, secluded weed beds and submerged reefs.

Around the next island the Smallmouth Bass lay waiting along the boulder shorelines to smack the first crank bait that comes by. Don't forget our slab sized Crappies that are so active in the Fall. To top it off, there is the thrill of the monster Musky that follows your lure right up to the boat, just waiting for an excuse to come charging out of the water and devour it.
